

Career Technical Education Works for Students

- Ninety-five percent of CTE concentrators in North Dakota graduated high school in 2013,ⁱ compared to the national average of 81 percent.ⁱⁱ
- According to a national survey of CTE students, about one-third report having the chance to earn college credit, a certification or a degree because of their CTE coursework and two-thirds report having gained skills that will help them in the future.ⁱⁱⁱ
- Nearly 31 percent of all postsecondary degree and certificates awarded in North Dakota in 2010 were associate degrees or certificates, about 3,600 in total.^{iv}
- About 10,300 students in North Dakota participated in at least one Career Technical Student Organization (CTSO).^v

CTE IN NORTH DAKOTA

- ✓ About **20,000** high school students are enrolled in CTE
- ✓ About **9,300** postsecondary students are enrolled in CTE

Key Indicators of Success in North Dakota: 2013-14^{vi}

CTE Students Proficient in Reading, Language Arts	65%*
CTE Students Proficient in Mathematics	58%*
CTE High School Graduates Placed in College/Careers	69%*
Postsecondary CTE Students Earning a Credential, Certificate of Degree	47%*
Postsecondary CTE Students Staying Enrolled and/or Transferring	75%*
Postsecondary CTE Students Placed in Careers/Further Training	69%*
*Indicates that the state met or exceeded 90 percent of the final agreed upon performance levels for each indicator as negotiated with the U.S. Department of Education.	

Career Technical Education Works for the Economy

- Middle-skill jobs account for 59 percent of North Dakota's labor market, but only 51 percent of workers in North Dakota possess the required skills,^{vii} leading to a skills gap, which CTE can help address.
- By 2018, the Hospitality & Tourism Career Cluster® is projected to be North Dakota's largest cluster overall, accounting for 59,600 jobs, but Information Technology will be the fastest growing, with jobs in this sector increasing by 27 percent.
- In all, North Dakota will gain about 21,200 jobs, for a total of 413,000. About 56 percent of all jobs will require some education and training beyond high school, including 43,000 that will require certificates.^{viii}

If North Dakota increased the number of citizens with certificates or associate degrees by 10 percentage points, the state would have:^{ix}

- ↑ \$874 higher median per capita income
- ↓ 1,000 fewer unemployed individuals
- ↓ 3,600 fewer individuals living in poverty

Career Technical Education Works for America

- **\$168 BILLION** = Estimated lifetime gain from CTE's impact on reducing the high school dropout rate.^x
- **\$806 BILLION** = Estimated income added to the U.S. economy by community colleges.^{xi}
