

# What's Ahead

## Upcoming Advance CTE Opportunities and Resources

### Events

#### **Webinar Series: Maximizing Access and Success for Special Populations in CTE** May 14, August 13, September 10, October 8, November 12

ACTE and Advance CTE are partnering for a series of webinars that focus on strategies to support the nine learner groups identified as special populations by the Carl D. Perkins Career and Technical Education Act (Perkins V), as well as additional populations that may need intentional support. Upcoming sessions will focus on partner collaboration, instructional and wraparound supports, credit transfer, among other topics. Scan the QR code below to register.

#### **Highlights from Profiles in Collective Leadership with Carnegie Corporation of New York and Fordham Institute** May 2024

### Member and Community Input

#### **State of CTE: Credentials of Value Landscape Survey** Open May-June 2024

In 2025, Advance CTE will publish our next State of CTE report on Credentials of Value. The report will include a 50-state and territory analysis of processes states use to identify credentials of value, incentivize attainment of those credentials, and maintain those lists over time. A survey of State CTE Directors will open next month to learn more about how each state approaches this work. Contact Associate Director of Data and Research Dan Adams at [dadams@careertech.org](mailto:dadams@careertech.org) for assistance or questions.

#### **National Career Clusters® Framework Modernization Validation Survey** Summer 2024

All members of the CTE community will have the opportunity to review and provide feedback on a draft proposal of a modernized Career Clusters Framework. The survey will ask for input on the draft framework's organization, clarity, and comprehensiveness. Scan the QR code on page 2 to sign up for early promotional materials.

### Member Spaces and Recognition

#### **Request for Proposal: The Postsecondary State CTE Leadership In-State Fellowship Pilot** Now Open; Apply by May 24, 2024

Built upon the success of the Postsecondary State CTE Leaders Fellowship and with the generous support of the ECMC Foundation, Advance CTE is launching a pilot In-State Fellowship program designed to help the selected state build a talented and diverse pipeline of state-level postsecondary CTE leaders. Request for Proposals to be the pilot In-State Fellowship are being accepted until **May 24, 2024**. To learn more, sign up for an upcoming information session, and to apply please visit [bit.ly/InStateFellowship](https://bit.ly/InStateFellowship).
