

Career Technical Education (CTE) is a proven strategy that expands options for learners, empowers them to choose a meaningful and sustainable career, and prepares them with real-world skills for success in college and careers. Through hands-on learning, engagement with industry experts and rigorous academic and career-focused coursework, CTE is learning that works for Wyoming’s students – and its economy.

## CTE Works for Learners in Wyoming

### CTE Enrollment<sup>1</sup>

**16,926**

High School

**14,462**

Postsecondary

### High School Graduation

**79%**

Wyoming Average<sup>2</sup>

**93%**

CTE Concentrators<sup>3</sup>

## Outcomes for Learners in Wyoming<sup>4</sup>

**96%**

high school CTE graduates enrolling in college, enlisting in the military or working within six months

**63%**

postsecondary CTE students staying enrolled and/or transferring

**34%**

postsecondary CTE students earning a credential, certificate or degree

**78%**

postsecondary CTE graduates placed in careers or further training within six months

- Fun fact: Wyoming created a loan repayment program to help high school teachers complete the credits they need to be approved to teach postsecondary-level courses. The program, called the Wyoming Adjunct Professor Loan Repayment Program, was enacted in 2013 and is administered by the Wyoming Community College Commission.<sup>5</sup>

## CTE Works for Wyoming’s Economy

- Middle-skill jobs – those requiring some postsecondary education and training, but not a Bachelor’s degree – account for 58 percent of Wyoming’s labor market.
- However, only 53 percent of workers in Wyoming are qualified to fill these middle-skill jobs,<sup>7</sup> leading to a skills gap that CTE can help address.
- In total, 4,919 associate’s degrees or certificates were awarded in Wyoming in 2015 – about 64 percent of all postsecondary degrees and certificates.<sup>8</sup>

In Wyoming, the top middle-skill occupations with the highest projected job openings are in the Health Science; Manufacturing; and Agriculture, Food and Natural Resources Career Clusters.<sup>6</sup>
